KASF—FM
October 1976

Hello Again! October's been a busy month for us here at KASF—FM. Expanding construction should be completed very soon, and everyone's trying their hardest to get the station in full operation as soon as possible. We've just recently expanded our broadcast day to 14 hours in order to give better service to everyone. When expansion is complete, KASF—FM will resume its 20-hour broadcast day.

I am really impressed with the releases which have been coming our way. Some real beauties are Boston, Silver, Joan Baez, Pete Carr and Chango (just to name a very few). New releases have been hitting us right and left the past couple days. Some of those which look promising are Bob Seger's latest, Kansas, Target and Baby.

Finally, I'd like to express the radio station's appreciation to everyone for their cooperation and service. Special, special thanks go out to A&M, Capitol, Arista, 27 Music Promotions, and Columbia.

Michael T. Dennis
Music Director

P.S.
Sorry about the mixup, Arista.

*Exceptional release
